

## Product datasheet, EU directive nr 2015-1094 / 2015-1095

<b>Brand:</b>	Scancool
<b>Model identification:</b>	KK 366
<b>Energy consumption per/24h, kWh:</b>	0,365
<b>*Annual energy consumption, kWh:</b>	133,22
<b>Energy class:</b>	A+
<b>Energy efficiency index (EEl):</b>	41,89
<b>Nett volume freezer, liter:</b>	
<b>Nett volume cooler, liter:</b>	285
<b>**Type (heavy-/ light duty):</b>	Heavy duty
<b>Climate class:</b>	ST
<b>Type:</b>	Service cabinet

**\* Energy consumption.:**

Based on standard test results for 24 hours. The actual power consumption will depend on how the cabinet is used and its location.

**\*\* Light duty**

This appliance is intended for use at ambient temperatures up to 25 ° C and is therefore not suitable for use in hot kitchens.

**\*\* Heavy duty**

This appliance is intended for use at ambient temperatures up to 40 ° C
